Central Library

Library is the “Temple of Knowledge”. It plays vital role not only in technical knowledge development but also satisfies the reader’s thirst related to life skill enhancement.

Central Library has a collection of over 11000 books covering different engineering streams. The library is fully computerized with e-Granthalaya (NIC) software. Central Library is automated with software e-Granthalaya version 3.0 (2007) with bar code system. This helps our Students and Faculty members to search any type of library materials.

The digital library provides students and faculty instant access to National Journals in their branches of specialization. Internet connectivity is available on 12 personal computers through broadband connectivity. Students can access Wi-Fi connection. The library is open to students and faculty between 9 am – 6 pm on all working days.

Students from each department make use of the library every day. The Central library also provides photocopy facility for the users. Our faculty at the library delivers just-in-time information with passion.

Institute library is truly a learning center and stocks textbooks, reference books, Journals, audio video lectures and projects reports.

The Central Library has subscription of National Journals and Magazines in the relevant technological areas. The Library subscribes to more than 12 National Journals and has very large collection of reference books on advanced disciplines. In all, the Central library has more than 9700 volumes and around 1800 titles covering various advanced disciplines pertaining to all the branches of engineering.

We provide digital library facility. This includes 12 computers connected with high speed Internet and 724 Compact Disc (CDs). Digital library helps to access e-journals, e-books and International standards through databases like IEEE Digital Library.
